## Let's Get Ready for IAC 2016!

The **67th International Astronautical Congress (IAC)**, under the theme “**Making Space Accessible and Affordable to All Countries**” is fast approaching!

Co-organised by the **International Astronautical Federation (IAF)** and the **Mexican Space Agency (AEM)**, it will take place, for the very first time, in **Guadalajara, Mexico**, from **26 - 30 September 2016**.

The IAC is the one time of the year when *all* space actors come together. Global, multidisciplinary and covering all space sectors and topics, it offers everyone the latest space information, developments but above all contacts and potential partnerships.

All the latest news on the agenda of the congress are available [here](#).

Don't wait any longer, and register now to IAC2016 by clicking [here](#)! You may find a list of hotels nearby the congress center and all the information you need on the [IAC2016 website](#).

Follow the Conversation about #IAC2016 on Social Media, we are on [Facebook](#), [Twitter](#), [LinkedIn](#), [Instagram](#) and [YouTube](#). For more information on GLIS2016, click [here](#).

Members of the press are invited to save the date, and register to ensure that they receive accreditation. Please send confirmation of your registration to [abed.aldaas@iafastro.org](mailto:abed.aldaas@iafastro.org) so that we can ensure that you are properly accredited.
