ITU Telecom Young Innovators Competition

Ooredoo and ITU, the leading United Nations agency for information and communication technology, are looking for the most promising tech start-ups aimed at inspiring the creation, aggregation or digitization of local content, particularly in non-Latin scripts.

Are you an entrepreneur under the age of 30 and interested in winning up to USD 10,000 in funding plus mentorship, networking, and high-level exposure?

Do you want to be part of the select group of 10 young innovators from all over the world presented at ITU Telecom World 2014 in Doha, Qatar?

Find out more and apply <https://ideas.itu.int>
