>> HOW TO JOIN US
Founded in 1951, the International Astronautical Federation (IAF) is the world’s leading space advocacy body with 366 members from 68 countries on six continents including all leading agencies, space companies, societies, associations, universities and institutes worldwide.

Following its theme “A space-faring world cooperating for the benefit of humanity”, the Federation advances knowledge about space, fostering the development and application of space assets by advancing global cooperation.

As organizer of the annual International Astronautical Congress (IAC) as well as other thematic conferences and workshops, the IAF actively encourages the development of astronautics for peaceful purposes and supports the dissemination of scientific and technical information related to space.

Who We Are

PROMOTING COOPERATION

The Federation’s International Astronautical Congress, the IAF Global Networking Forum and various committees provide unique collaborative platforms for experts from space agencies, industry and research.

ADVANCING INTERNATIONAL DEVELOPMENT

The Federation is building a future of international cooperation, development and friendship, bringing together experts from experienced and emerging space nations alike.

SHARING KNOWLEDGE

The Federation has many well-established channels to disseminate information within its global network and the wider space community.

What We Do

RECOGNISING ACHIEVEMENTS

The Federation’s prestigious awards are presented annually to individuals who have distinguished themselves in the global space community.

RAISING AWARENESS

The global network of the Federation and its dedicated publications help to promote the public appreciation of space activities worldwide.

PREPARING THE WORKFORCE OF TOMORROW

To nurture new talent, the Federation has many activities for students and young professionals to facilitate their attendance at IAF events and connect them with senior experts.
IAF Technical & Administrative Committees

IAF Committees are at the heart of IAF’s work. While the Technical Committees, composed of space experts, focus on defining the technical programme of the International Astronautical Congress, the Administrative Committees provide specialised advice and recommendations to the IAF Secretariat, Bureau and General Assembly.

If you are interested in joining a committee, please contact the IAF Secretariat (info@iafastro.org).

Membership Benefits

WORLDWIDE VISIBILITY
» Your organisation’s profile and news on the IAF website
» Your organisation’s latest developments and events featured in the IAF newsletter, sent to almost 30,000 contacts worldwide
» Visibility in IAF promotional and IAC-related publications, e.g., Congress Call for Papers and Second Announcement

GLOBAL NETWORKING
» Access to a global network of potential business partners, experts and decision-makers
» Opportunity to promote your organisation and attract future workforce at events for students and young professionals
» Privileged access to the IAF Global Networking Forum, such as roundtables dedicated to your main focus of interest

SHAPING THE FUTURE OF THE IAF
» Eligibility to join IAF administrative and technical committees
» Eligibility for partnership in organising and developing IAF events and projects
» Eligibility to nominate IAF Officers candidates for IAF President and Vice-President positions
» Vote in the IAF General Assembly

SHAPING THE IAC
» Access to members-only meeting facilities
» Influence the IAC programme
» Submit plenary event and keynote lecture proposals
» Discounts on exhibition space
» Eligibility to host an IAC

RECOGNITION
» Opportunity to nominate candidates for IAF Awards
» Recognition of member organisations’ achievements in IAF e-communications

FINANCIAL BENEFITS
» Discounted rates for IAC registration and exhibition
» Unlimited complimentary access to the IAC Paper Archive with more than 22,000 manuscripts

How to Become a Member

Membership in the IAF is open to all companies and organisations working in space-related fields.

If you are interested in becoming a member, please complete the “Application for IAF Membership” form and send it together with your company’s by-law, statutes and any other relevant material to:
