Programme Committee

Co-Chairs
Chris Southampton
Chair, IAF Space Exploration Committee
Bernard Foing (Chair, IAF Space Exploration Committee)

Members
Netherlands
European Space Agency (ESA) and ISECG, The Netherlands
Bernhard Hufenbach
GMV Aerospace & Defence SAU, Spain
Mariella Graziano
German Aerospace Centre (DLR), Germany
Peter Graef
Canadensys, Canada
Nadeem Ghafoor
The Boeing Company, USA
European Space Agency (ESA), The Netherlands
Bernard Foing
Christian Feichtinger
Space Generation Advisory Council (SGAC), Austria
Matteo Emanuelli
Lockheed Martin Corporation, USA
J.R. Edwards
Juan De Dalmau
34x15
Kammy Brun
Centre National d'Etudes Spatiales (CNES), France
Pierre W. Bousquet
Virgin Galactic, UK
Stephen Attenborough
Sciences, Russian Federation
Moscow Aviation Institute, Russian Academy of Sciences, Russian Federation
Oleg Alifanov
Mohammed Bin Rashid Space Centre, UAE
Salem Humaid Al Marri
UAE Space Agency, UAE
Khaled Al Hashmi
Members
Chair, IAF Space Exploration Committee,
Co-Chairs
Programme Committee

Organizers

Converting Off-Space People

Sponsoring Organizations
Rосcosmos
Rосcosmos is a State Corporation that was established to oversee and implement a comprehensive reform of the Russian space industry. State Space Corporation Roscosmos ensures the implementation of the Russian government’s space programme and its legal regulation.

Rосcosmos is also plugging orders for the development, manufacture and supply of space equipment and space infrastructure objects. The state corporation is also responsible for international space cooperations and global settings for future use of results of space activities in the social and economic development of the Russian Federation.

Welcome to GLEX 2020!

We look forward to meeting you all in Saint Petersburg at a memorable conference GLEX 2020!

We are confident that GLEX 2020 will be an outstanding scientific event that will contribute to strengthen the links between the Russian Federation and other nations with the desire to explore space. During the 3 years since GLEX 2017 the international space exploration community have engaged and communicated in the field of space exploration activities. We encourage all who are active and interested in moving humanity beyond the boundaries of the known world to join us for GLEX 2020 on 9 - 11 June 2020 in St. Petersburg!

GLEX 2020 is a major international event that will bring together all the key space exploration players for a week in wonderful St. Petersburg. The GLEX 2020 programme is designed to bring together leaders and decision-makers within the science and human exploration community of the world to exchange ideas, report on results, share visions, and together make space exploration plans. Delegates will be able to inform themselves of current challenges and innovative solutions and it will contain several opportunities to learn about how space exploration investments provide benefits as well as how future benefits could be increased through planning and cooperation.

We are confident that GLEX 2020 will be an outstanding scientific event that will contribute to strengthen the links between the Russian Federation and other nations with the desire to explore space. During the 3 years since GLEX 2017 the international space exploration community have engaged and communicated in the field of space exploration activities. We encourage all who are active and interested in moving humanity beyond the boundaries of the known world to join us for GLEX 2020 on 9 - 11 June 2020 in St. Petersburg!

Welcome from IPC Co-Chairs

The theme of GLEX 2020 is: “Transcending Societal Issues for Space Exploration.” Against this exciting backdrop, GLEX 2020 will bring together all the key space exploration players for a week in St. Petersburg! We look forward to meeting you all in Saint Petersburg at a memorable conference GLEX 2020!
