21 - 23 May 2018 | Montevideo, Uruguay

GLOBAL SPACE APPLICATIONS CONFERENCE (GLAC 2018)

www.glac2018.org

Conference Objectives

The conference will gather representatives of space agencies, industry, academia and other stakeholders from all over the world to network and find collaboration opportunities.

Space companies, ranging from startups to big corporations, are providing services for various sectors, including agriculture, farming, mining, fishing, transport, energy and others.

The GLAC 2018 will strategically take place in Uruguay and will provide a platform for the countries of the region and worldwide to raise awareness about the benefits of space applications for their socio-economic development.

The comprehensive programme will include high-level keynotes, round tables as well as dedicated sessions for young professionals and students that will address the most recent achievements in satellite-based applications and explore how industry, politics, and law will help shape the future of this exciting domain of astronautics.

Venue

Radisson Montevideo Victoria Plaza Hotel
