

# IAC 2018 SPECIAL SESSIONS (SpS)

Day	10.00 - 11.00	11.00 - 12.00	12.00 - 13.00	13.00 - 14.00	14.00 - 15.00	15.00 - 16.00	16.00 - 17.00	17.00 - 18.00
<b>MONDAY 1 OCTOBER</b>						New Challenges for Planetary Protection	Open Source Space Workshop	CCB FOCKE-WULF-SAAL
<b>TUESDAY 2 OCTOBER</b>	A global space partnership towards 2030: addressing the needs of Member States of the United Nations to achieve the Sustainable Development Goals	Commercial Platforms on the International Space Station - New Low Cost Opportunities for Commercial and Institutional Missions				The Nexus of Blockchain and Space (Part I)	Swarm Systems for Future Space Exploration	CCB FOCKE-WULF-SAAL
							The Nexus of Blockchain and Space (Part II)	ÖVB 6
<b>WEDNESDAY 3 OCTOBER</b>	Earth Observation and Sustainable Development Goals – Views from a Decade with the Group on Earth Observations. Panel Discussion on Readiness for a Terrestrial Forecasting System.	Landsat-Copernicus Sentinel 2 Collaboration: Integrated operational land imaging to meet user needs worldwide				New Approaches to Space for Better World: Space for Sustainable Development	Challenges, Technologies and Solutions for Exploration of Icy and Ocean Worlds	CCB FOCKE-WULF-SAAL
		The golden age of the European Earth observation					Galileo, the European Global Navigation System	CCB GALLERY
<b>THURSDAY 4 OCTOBER</b>	Twenty years of the International Space Station: Shaping the future of human space exploration	Quantum technologies for Space - Development and Applications				Global Space Exploration: Increasing Benefits through International and Commercial Partnerships	Quantum Key Distribution – The Future of Cryptography	CCB FOCKE-WULF-SAAL
	Space journalism and outreach workshop							CCB LILIENTHAL
<b>FRIDAY 5 OCTOBER</b>	Commercial Suborbital: Opening the Aperture for Space Utilization	Innovative Space Craft Concepts and Servicing			RF Spectrum for TT&C - Regulatory Framework vs. Needs of Operators	Latin America beyond LEO: Securing regional participation in the Moon Village		CCB FOCKE-WULF-SAAL
	#HiddenNoMore: Empowering Young Women in the Space Sector	Adoption of Space Technologies and Applications in Emerging/NewSpace Actors	2018: 10 years Columbus in Space and Delivery of Orion European Service Module					ÖVB 4
		Creating Strategic University Partnerships through International Student Projects	Space Chemistry: a Key to Fostering Space Exploration					CCB BESSEL
		A Scientific "Wish List" for Research Facilities on the Moon						ÖVB 1
				Space needs everyone's ideas! Prizes and challenges in the space sector		The Design Sprint: How to Solve Almost Any Challenge in Less Than a Week		CCB BERGEN
					The European Research Council – funding opportunities for bright minds		CCB FRANZIUS
