GLEX 2025

The upcoming **Global Conference on Space Exploration (GLEX 2025)** will take place on **7-9 May 2025 in New Delhi, India**. GLEX 2025 is designed to encouraging the sharing of programmatic, technical and policy information, as well as collaborative solutions, challenges, lessons learnt, and paths forward among all nations with the desire to explore space. During the 4 years since GLEX 2021 the international space exploration community will have significantly moved forward with their respective exploration planning and programmes and it is therefore timely to take stock of the developments and undertake an outlook to the future of space exploration on a global scale.

About IAF, ISRO & ASI

ORGANIZER

INTERNATIONAL ASTRONAUTICAL FEDERATION (IAF)

Founded in 1951, the International Astronautical Federation (IAF) is the world's leading space advocacy body with 563 members in 81 countries, including all leading space agencies, industries, research institutions, universities, societies, associations, institutes and museums worldwide. Following its motto "Connecting @ll Space People" and its vision of "A space-faring world cooperating for the benefit of humanity", the Federation advances knowledge about space, supporting the development and application of space assets by promoting global cooperation.

HOST AND CO-HOST

INDIAN SPACE RESEARCH ORGANISATION (ISRO)

ISRO, the National Space Agency of India, has made remarkable strides, achieving numerous missions that have elevated India's stature in the global space community. ISRO has designed and developed of a range of launches vehicles and satellites making ISRO a key player in the global space market. A historic milestone was achieved in 2023 by the successful soft landing of Chandrayaan-3 on the Moon's southern polar region. ISRO is now developing its first human spaceflight mission under the Gaganyaan program and the establishment of the Indian Space Station, Bharatiya Antariksh Station (BAS) which will enable sustained human presence in space and provide a platform for cutting-edge research.

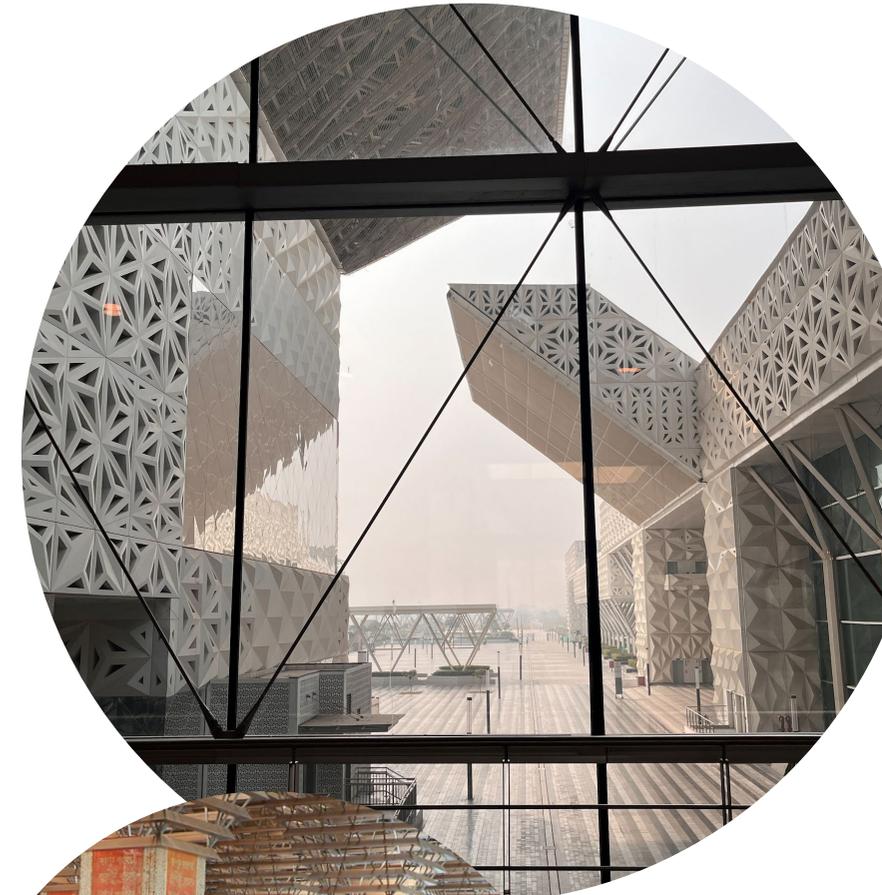

ASTRONAUTICAL SOCIETY OF INDIA (ASI)

Astronautical Society of India (ASI) was setup in 1990 to foster the development of astronautics in India, to disseminate technical and other information related to astronautics by conducting technical meetings, bringing out technical publications, and organizing exhibitions. ASI has been acting as a premier professional body of space engineers, scientists and researchers and efforts are made to bring awareness of state of the art space activities among researchers and academia. Society is also playing an active role to promote the interests of other developing countries in the field of astronautics through various programs. activities and in outer space.

Conference Venue

Yashobhoomi, India International Convention & Expo Centre (IICC), is a remarkable venue that offers an extensive range of facilities and infrastructure designed to provide a seamless and enjoyable experience for events. With an impressive indoor exhibition and convention area of 300,000m², Yashobhoomi is one of the most technologically advanced complex, boasting admirable infrastructure facilities. The complex provides a variety of facilities including expansive exhibition halls, a state-of-the-art multi-purpose convention center, a versatile arena for events, and a host of other amenities. It is conveniently located near the airport and has excellent transportation links.
