IAF GLOBAL SPACE AND OCEANS CONFERENCE (GSOC 2027)

We are delighted to invite you to contribute your expertise and vision to the inaugural **IAF Global Space and Oceans Conference (GSOC 2027)**, organized by the **International Astronautical Federation (IAF)** and proudly hosted by the **Maldives Space Research Organization (MSRO)**.

Taking place **3–5 May 2027** in the **Republic of Maldives**, GSOC 2027 will convene leading voices from across the global space and ocean communities around the compelling theme:

The Ocean of Space for the Oceans of Earth

→ **SUBMIT YOUR ABSTRACT!**

We invite you to share pioneering ideas, transformative research, practical innovations, and forward-looking perspectives across areas including

- Technologies and systems for monitoring oceans from space
- Space and ocean science: crossovers, discoveries and shared frontiers
- Space derived public service applications for ocean health, safety, enforcement and infrastructure
- Commercial services, maritime economics and the blue economy
- Space-ocean governance: shared lessons between two global commons
- International and cross sector collaboration on space missions, programs and information provision for oceans and coastal environments
- Social, cultural and indigenous knowledge dimensions of the space-ocean nexus
- Advancing integration of ocean observations, data and information products
